Remote Workforce: Getting IT Right

Did you know 25% of employees already work from home? And, according to 75% of hiring managers, this will continue to rise. So, there is one question you should be asking yourself.

Are You Prepared?

MEASURING SUCCESS

PRODUCTIVITY
Remote employees using laptops would be up to 25% more productive with the right equipment.

EMPLOYEE SATISFACTION
75% of laptop users say having additional equipment, including a docking station, would improve their work from home experience.

SO WHERE IS THE POLICY?

Only 35% of IT departments have a remote worker equipment policy.

A TYPICAL OFFICE EMPLOYEE RECEIVES

Laptop

Dock

Dual Monitors

Keyboard & Mouse
